

# JOHANNA MORILLON

## MASTER OF CEREMONIES/PRESENTER

As a Master of Ceremonies and a certified professional coach, trainer and facilitation Johanna loves to help others find their inner confidence and shine.

In her role as the MC she knows how to put the **spotlight on the speakers**, make them feel at ease while making sure the event stays **lively, interactive and on time**.

Johanna has worked in project & event management for major international sporting events and as Master of Ceremonies for several years at **Eurosport/Discovery International**. She knows the importance of the MC who needs to keep up the rhythm and energy of the event and make sure that both the speakers and the audience have an **optimal experience**.

She has a proven capacity for effective communication, public relations with top level clients and excellent presentation skills. She is both at ease in one to one communication, facilitation, or on stage in front of hundreds as Master of Ceremonies. She has hosted/presented events both live and on line.

*"Johanna was one of the **best ambassadors for Eurosport** and represented the company as the **vivacious emcee** at a number of international events. Engaging, articulate and entertaining, Johanna is a true on stage and behind the scenes professional." **Heather Bowler – Senior Vice President Communications, Women's Tennis Association (WTA)***

Passionate about presence, charisma, and impactful communication, Johanna also works as a coach, trainer and facilitator for both startups and corporations such as **Accenture, Vinci, Thales, Klesia, Engie, Invus, Edvance, Orange, Sanofi, Xandr and Société Générale**.

## Recommendations

I highly recommend working with Johanna.

She was Master of Ceremonies and panel moderator for the scientific conference 'Towards a chemical pesticide-free agriculture' held in Dijon, as part of the EU French Presidency.

Thanks to Johanna, the day was run with precision for the content, timing and all organizational issues, on highly political topics.

All this led to a conference that was unanimously appreciated by all attendees.

### **Christian HUYGHE**

**Directeur Scientifique Agriculture chez Inrae - Institut national de la recherche agronomique**

Johanna rend sa présence incontournable pour les plus beaux évènements.

Elle est très préparée, totalement professionnelle et dévouée à faire en sorte de faire vivre le meilleur moment possible à son auditoire.

Sa liberté d'action et sa capacité à prendre les devants rassurent toute personne hésitante. Johanna rassure et insuffle toute la confiance nécessaire à chacun. Son sourire et sa répartie rendent indolore le moindre flottement ou hésitation de quelqu'un sur scène.

Pas d'hésitation, c'est elle qu'il vous faut.

### **Jérôme Roussin**

**2x TEDx Blockchain Speaker**

Johanna is more than a public speaking coach: she is the perfect person to help people believe in themselves - connect to their resources and talents and be fully present in the moment! She will give you good vibes and make you focus on your strengths. Her competitive advantage? Her French/American approach.

### **Yan Kuszak**

**Présentateur d'événements pro sur scène, dans votre studio télé, dans les stades pour du sport**

Johanna was an MC at the AFCP's Ellevate2021 and I was honored to have her introducing my keynote. She was highly professional and added a very unique flair of improvisation, passion and a rare ability to make those on the program feel taken care of. The audiences were left feeling they are in highly capable hands.

- a superb facilitator with a warm and welcoming heart!
